

Girlstart Trivia FAQ

Come test your STEM knowledge and join us for Girlstart Virtual Trivia! Sign up for one or all three nights and come ready to be brave, creative, and curious, helping raise funds for Girlstart programs.

Can I create a team?

Grab some friends and create a team of up to 7 people. Your teammates do not have to physically be with you. After each question is read you will be put into a breakout room with your teammates to discuss your answer.

How much does it cost?

\$40 per team registration required

How hard are the questions? Can kids play?

They are a wide range of questions. Players of all ages are encouraged as there will be some questions that younger players may know and some that older players may know

What is the trivia format like?

Each trivia night will have five categories with 4-5 questions each. Participants will join via Zoom and will be asked to "rename" themselves their team name, then their name (ex. Team 1- Hailey). Questions will be read aloud as well as shown on the screen. After the question is read twice, teams will be put into breakout rooms for one minute to decide on an answer. Teams will write down their answers on the answer sheet provided to them by Girlstart and answers will be revealed after each category is complete. We will be going on the honor system as teams will score themselves. The team with the most points at the end is the winner.

Can I know the trivia themes and categories ahead of time?

1. STEM Together
10/26 5:30-6:30pm
 - a. Career connections
 - b. Who am I?
 - c. 4 letter words
 - d. Visuals
